Councillors all confirmed that they were in receipt of the two emails from a local resident setting out her representations to the application.

That following consideration of the additional information submitted by the applicant in response to the original request from the Local Planning Authority, councillors confirmed that they felt it unnecessary to discuss the application further as the situation remained unchanged and that the response to the re-advertised application would be that of the original approved resolution:

asphalt plant, together with associated facilities on the following grounds:

An unacceptable increase in traffic and associated noise/pollution, in particular in the area of Arctic Road. The danger posed by emissions in an increasingly populated area. Past planning history (refusal for a development of a similar nature). The potential for pollution/damage to the River Medina.

The lack of an independent Environmental Study. The nuisance to residents over a wide area from odorous emissions, Noise pollution, Loss of visual amenity to local residents. Conflict with the Eco Island strategy. The threat to future inward investment, with particular regard to good quality housing and 'High end' industry".

Seats for the Cycle track?

Following comments made by a few local dog walkers over the lack of seating along the cycle track, Cllr Fuller had undertaken initial investigations into the feasibility of providing some provision at strategic points. He suggested the possible installation of inexpensive, robust concrete seating. Sources of potential funds were highlighted. However, further work was required to determine the actual costs involved for the seats and their installation, and also as to whether approval would be required from the I.W. Council. Councillors in discussion on this subject suggested that there was also a need for additional dog litter bins along the cycle track.

Future of the Glebe Land at Ward Copse

Councillors were referred to the report providing background information to the venture to progress the potential, community woodland management of the Glebe land, at Wards Copse. At the end of the school term the Headteacher had advised that Northwood School were now in a position to take the lead on this project and were also seeking advice as to whether the school, within its Eco-Schools remit, could look further into becoming a Forest School.

Parish Council Vacancy

It was decided to set a deadline date of Tuesday October 30th, for any applications to the position of one co-opted councillor, to enable an appointment at the November meeting. For further, information, contact the Clerk.

Parish Plan Working Party

Members of the Working Party had met with planning officers at the Seaclose Office. A general discussion had taken place with regard to the need or otherwise for a Northwood Neighbourhood Plan. The decision to inform parishioners fully of the identified Strategic Housing Land Availability Assessment (SHLAA) sites and to consult in connection with the outlook for the future of Northwood was covered in some detail; as was the style of questionnaires which might be used and method for distribution/collection.

The importance to align any action with the Area Action Plan (AAP) was considered to be vital. One route that could be followed would be to use the help offered by planners and produce a revised Parish Plan, in tandem with their AAP. The Working Party had agreed this to be the most effective and efficient way forward. The Senior Planning Officer, Mr Ollie Boulter requested that meetings on a regular basis should take place to ensure both parties continue to work in compliance.

Discussion ensued on how best to commence the process and the next steps to be taken. Attached to the agenda was a suggested letter that could be circulated, with also a map depicting the sites, to all residents apprising of the 13 potential SHLAA sites in Northwood.

Please tell our advertisers that you saw them in **NORTHWOOD NEWS!**

However, it was reported that Gurnard Parish Council had recently circulated a questionnaire requesting local residents' views on the long term future of their area. Councillors considered the advantages of providing a similar copy, as the initial step forward. By customising this questionnaire the parish council would be able to determine the local community's view on the sort of place they would like Northwood to be, in the years ahead; how land should be used and developed in the village, the size or type of buildings that was felt acceptable and establish the demand for local housing needed for those living or working in the Parish. This information was essential in the production of a comprehensive Parish Plan.

Safer Neighbourhood Report for Northwood

The previous 60 days has again been very quiet, with only five reported crimes having taken place within Northwood. They are listed below. Some of the incidents are being progressed by the Police, so little detail can be given.

One case of domestic assault. One notable crime, reported last month, of forced entry and burglary from stables in Pallance Lane – the Country Watch team are promoting the need, Islandwide, for all equipment to have identification marking and be stored securely. Please ensure all out-buildings are secure. At the end of July, an incident of criminal damage to two parked cars in Uplands. The theft of a key to the W.I. Hall. The footpath sign at the junction of Medham Farm Lane and Church Path was uprooted and moved across the road. The sign will be replaced.

If you see or hear something that seems suspicious, however small, please ring it in on 101.

I have a supply of No Cold Calling window stickers, paid for by the Parish Council, if anybody needs one. Ring 01983 281250.

Do not forget Crimestoppers on **0800 555 111**.

You do not need to identify yourselves and the calls are not recorded.

The Life and Responsibilities of a Northwood Churchwarden in the Eighteenth Century

Anne Brooker - Churchwarden, St John the Baptist, Northwood

The wardens were at the centre of life in the parish at this time, together with the Minister, Overseers of the Poor, the Waywardens and Church Vestry. They described themselves proudly as Yeomen in the Parish Records and included men such as Biles, Trickett, Cole and Heal. Their duties were many and various. The churchwardens were responsible for keeping order during services and evicting dogs from the church. The boundaries of the parish were their responsibility and stones were laid at the appropriate places. In 1702 the walking of the bounds reported that these stones were still laid twenty years before. The wardens, who met at the Flower Pot Public House were also responsible for the administration of the church charities namely the Mann, Smith and Cole Trusts. This usually resulted in the apprenticeship of a poor boy and could either mean in him learning a very good trade, often in London, or being used as cheap labour. Later in the century the wealthy of the parish (usually farmers) were obliged to take a child from the workhouse. Refusal meant the risk of a fine. Wardens paid parish expenses, raised from the rates and these included such varied items as payment for 6 Hedgehogs (2 shillings), 13 dozen sparrows heads (2 shillings), new stocks, painted and with a lock £3. 8s. 7d. All the parishes at this time had to keep a cannon, and in 1780 the cannon had to be taken to Newport and returned to the parish, at a cost of 10s 6d. Marriage then was cheaper than today, costing in total 18 shillings. To bury someone cost 6s 8d if they were a stranger or 3s 4d if the person was a soldier or classified as poor. Suicides were often not buried in the graveyard but elsewhere. If they were interred in the graveyard, it was usually on the North side of the church on a north/south axis. In 1786 the wardens claimed £22 5s 6d in expenses for "presenting William Mack, a carter, at Winton for the murder of a soldier". The general repair of the church and graveyard was the responsibility of the wardens. The Church wall, windows and gate were repaired at this time. The sexton was responsible for the repair of Church linen and grave digging. The above gives you a taster of what the duties of a warden were three hundred years ago. Personally I am relieved that we are no longer required to do many of them. However, other things have taken their place and I regard it as a great honour to be following in their footsteps.

Proposed Changes to Council Tax Benefit

The coalition government is ending the current scheme - which it funds - and asking each local authority to formulate a local council tax support scheme to replace the present costly scheme which has risen over the past decade by I think over £10,000,000,000 (£10billion). So the government is also reducing the amount it provides to fund this benefit, leaving in our case a shortfall estimated at £1.9m.

The scheme my Cabinet colleagues and I considered for public consultation requires all those currently in receipt of council tax benefit to pay at least some part of their council tax bill. However pensioners and those residents who face additional barriers to employment such as the disabled or those with mental impairment would continue to receive this benefit as before.

Our view was that this approach coupled with ending relief for second home owners was fairer than either transferring the entire burden of the £1.9m shortfall onto those who already pay the charge in full; increasing council tax or reducing services.

The whole Council will be considering this approach on 19th September and subject to that decision a full public consultation will be launched on 24th September. Given the widespread scope of the options and their potential impact, I will be urging residents to take part. I will also be reporting on this again in the next Northwood News and in my report to Northwood Parish Council in October.

Retirement

It is not without a deal of regret that I have decided not to seek re-election as your local I.W. Councillor in the Council elections next spring. I will then be in my 75th year and would have represented Northwood for 15 years. I have decided that ideally a younger person should then represent you for at least the following four year term of office. If there are any volunteers out there, please contact me! With this impending retirement (and I am standing down as a Cabinet member at the end of November) we are downsizing from our present large bungalow and garden and having been approached by an Island resident "out of the blue" who was keen to buy our property, we have now sold and will be renting a nice little house in Cowes until we find a suitable smaller local property to buy.

Of course I will continue to be a fully active member of the Council until the May elections and continue to represent residents to the best of my ability. This is important to me as there are several major decisions to be taken with a strong local context including (of course) the asphalt plant planning application; issues surrounding educational provision at local schools and the constant highways issues to name but three.

Jill fully supports and understands my decision, which I hope residents too will understand. Needless to say, I will be signing off properly in my May report but in the meantime thank residents for their most kind support since 1998.

Please contact me via email at roger.mazillius@iow.go.uk by telephone on 07976009487 or at County Hall, Newport, PO30 1UD

Best wishes, **Roger**

REPORT - OCTOBER 2012

Important Meeting at Northwood Primary School

There will be a parents' meeting at the school on 4th October at 6pm to discuss the consultation document giving full details of the proposal to move the school to a self-governing Academy. The consultation will run until 5pm on 26th October and I do urge all parents to take part. The document can be obtained by email from the Clerk to the Governors markgoswell16@hotmail.com or by calling into the school.

Council Budget

The Council has been successful in delivering significant reductions in ongoing expenditure with back office efficiencies and additional income achieving over 90% of the savings in the 2012/13 budget. Restructuring within the Council and reduction in senior and middle management posts with pay or allowances being frozen for another year will save £2.3m annually helping us deliver our 2012/13 budget strategy whilst maintaining reserves and general fund balances at healthy and sustainable levels. I believe it is important that in these difficult financial times, the Isle of Wight Council does all it can to keep levels of Council Tax as low as possible.

Asphalt Plant - Medina Wharf

This planning application was re-advertised on 31st August with 21 days to make further comments. Again I am confident that residents who have concerns about several aspects of this complex application will make those known or indeed will repeat the concerns they have already expressed. I hope the Case Officer's report will be available during October. It will be published as a public document and I will be pleased to meet with residents at County Hall before the Committee meets (or earlier if required) to discuss my view of any recommendations contained in the report.

Closure of Newport Road between Mill Hill and Somerton for seven weeks from 24th September.

Southern Water are renewing the deep sewer underneath the middle of this part of the road also to accommodate the extra demand from the Aldi Store development. Nearby residents should have received a notice about the closure. I have been assured there will be continued access to the Medical Centre and the Park and Ride. The contractors, without our knowledge or permission erected poorly written notices which apparently showed the road from Northwood Garage to Somerton would also be closed. I confirm this is not the case and that part of the road with access to all local homes and businesses will be fully open.
